TC-TD-TF TOOL BOX COMPARTMENT FELT KIT (GAF8600W) FITTING INSTRUCTIONS

Installation Tips:

Because of the variations from one car another, we have not cut the material to exact size, nor have we included exact dimensions. This diagram should only be used as a guide to insure a neat installation. Sufficient material is included if installed accordingly. The dotted line indicates a fold in the material while a solid line indicates that trimming is required. An aerosol spray adhesive is recommended for gluing as this adhesive will not saturate the felt.
